£10.99

This book is a collection of short stories from Jungly pilots over the fifty years of their existence and will hopefully be of huge interest. It covers several wars, cock-ups, bravery, stupidity, ordinary every day, machinery breaking, aircraft crashing and so on. It is definitely the present of choice for a family member or to be enjoyed yourself. Copies are only £10.99 each with all profit going directly to the Royal Navy Historic Flight. Do please buy one and thereby help to ensure that the Royal Navy Historic Flight is able to display its historic naval aircraft across the United Kingdom and advance awareness of the Fleet Air Arm's Naval Aviation Heritage.
